Quartz Surface

Company Introduction

LG Hausys is a growing global company manufacturing high quality building and decorative material. We have the distinction of being Korea's largest company that produces these materials, which have a wide array of applications for both residential and commercial projects. Using the industry's most advanced technology, LG Hausys designs beautiful and functional spaces with eco-friendly and sensible products.

The headquarter and the manufacturing facility of LG Hausys America are located in Georgia, USA and using the industry's most advanced technology, we design beautiful and functional spaces with sensible products.

A Brief History Of LG Hausys America

LG Hausys America was established in 1988 in New Jersey and moved its headquarters to Atlanta, Georgia in 2009 following the demerger from LG Chem. LG Hausys started producing surfacing material in 1995 with its HI-MACS® solid surface. In the United States, the construction was completed on the HI-MACS® plant in 2005 and the Viatera® plant in 2011. Furthermore, the 2nd and 3rd Viatera® line opened in 2016 and 2020. As LG Hausys America continues to grow, we will not deter from our mission to create better living and workspaces with the customers' needs in mind.

Not all LG Hausys America's products are manufactured at the plant in the U.S.
Products that are manufactured in the U.S. are made with U.S. and imported parts.

Viatera® QUARTZ SURFACE BY LG HAUSYS

Viatera® is designed and created around the idea that a countertop is where life's moments happen. Whether you're looking for a surface that stands up to the demands of daily life or a surface that resists the wear of commercial applications, Viatera® is available in an array of colors and styles that allow you the freedom to create a space that truly reflects the beauty and wonder of your life.

Viatera® Benefits

Strong & Durable

Viatera® contains up to 93% natural quartz while natural stone generally contains 20 to 60% quartz. As a result, Viatera® tends to have higher tensile strength than natural stone.

Hygienic & Non-porous

Viatera® is a non-porous surface and it is safe for food preparation. Viatera® is certified by NSF (National Sanitation Foundation). When a material or a seam is porous, food particle can be trapped in the surface material, becoming a breeding ground for bacteria and contamination.

Stain & Scratch Resistant

Quartz is an impervious crystalline mineral that is particularly resistant to absorption. Because of this characteristic, Viatera® becomes a material that is extremely stain resistant.

Easy Care

Non-porous and easy to clean, Viatera® is ideal for kitchen and bath applications. Unlike other stone products, Viatera does not require sealing.

Jumbo Size Slab

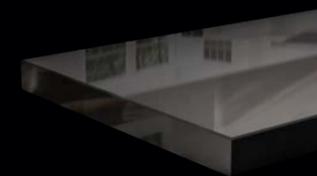

Viatera® jumbo size slabs are about 24% larger than standard quartz slabs, allowing it to be a perfect size for larger kitchen projects.

Introducing: Brushed NEW VIATERA® FINISH

Select Viatera® colors are now available with a "Brushed" finish to fulfill a wider range of aesthetics. Enjoy the new classic beauty with a satin-like finish.

7 Viatera® colors offered in Brushed finish:

Carbo	P. 14
Rondo	P. 36
Encore	P. 38
Coda	P. 40
Basso	P. 48
Minuet	P. 52
Clarino	P. 58

P Polished finish
Traditional reflective surface

B Brushed finish
Soft and smooth feel with low-luster on the surface

Masterpiece Collection

The Classic collection from Viatera® is made up of timeless, beloved colors that draw their inspiration from the earthy and ethereal tones found in nature. With a full range of tones available, from the brightest and most spirited shades to the darkest and most subdued hues the collection's palette offers something for everyone, regardless if a trendy or traditional effect is desired.

Ribera NEW

Whet your palate on the tonal blue, reminiscent of a crisp morning river. The whispers of grey adds balance that accentuates the nostalgia of the shade. With white veining that resembles waves reflecting from the sky and moving throughout the sea, you can bring serenity to any room. It'll feel like home and a new adventure, all at the same time.

Arion NEW

Dynamic in feel and artistic in tone, the light hues, and pristine design scream luxury. The smoky blend is effortless, which doesn't stop it from also being dramatic and captivating. Shift the focus of a room with this soft translucent look that will offset warm or moody colors and also fit seamlessly into a contemporary space. The marriage of the grey and white hues is angelic, timeless, and versatile.

Viatera[®]

Sabbia NEW

Create a calming space with a serene design that brings your entire room together. This neutral pallet is sweet and elegant, merging earth tone colors into a marble spectrum of beauty. The light honey hue adds flavor without disturbing the balance, helping to create the ultimate space for meditation and reflection. Best as room accents, the caramelizing finish centers the tones and shades of a room.

Carbo NEW

Made for the bold and beautiful, the dark black hue is timelines and trendy. With accents of flurried white lines, the color blend is unmatched, yet goes perfect with everything. You'll be drawn into the fibers of its nuances and inspired to create an ambiance that speaks infinite volumes. Make a statement everywhere it counts; cabinets, walls, windows, and so much more. Vivid in presentation, this fabrication of color tells everyone in the room that there's more to be said.

Karis

A touch of grace exudes from a masterwork of joy and delight. Sweetness and light exude from this mélange of delicate sterling veins, created with delicate brushstrokes, dancing across a flawless pale backdrop. Creating an ambiance that can be alternately charming as well as elegant, this lovely palette of romantic shades is exceedingly agile. No matter the stage you choose to set, you will be able to add a new, unparalleled perspective or create an effortless glow in any environment.

Aura

Feel the quiet energy that emanates from this spirited, yet subtle configuration of colors. Influenced by the Renaissance era technique of chiaroscuro, where the balance of light and shade is punctuated with strong contrasting pigments, and flashes of light provide an understated yet luminous radiation. Distinctive and unique, the individual hues have their own meanings, but rhythmically intermingle to paint a peaceful picture. The silver adornments indicate spiritual abundance and an awakening of the senses.

Stella

Evoking the mystical quality of a starry night, this celestial surface showcases an opaque background of serene silver intertwined with a constellation of contrasting shades provided by sleet-hued grey veining. Providing a sense of cool comfort through its iridescent shades, this surface reflects the perfect blend of luminosity punctuated by subtle shadows. Incorporating this design into any space gives you the ability to be transported to a peaceful place, still and silent, under a dreamy twilight sky.

Viatera[®]

Mica

A masterpiece forged from the earth, this highly reflective, crystal-like surface adds a natural touch to any space. Evoking the layers found in this geological gem, vivid white streaks bolt across an understated pale sea, kissed with a touch of light shadow. The surface has a dimensional finish that rivals the naturally-occurring radiance found in the alluring mineral.

Viatera[®]

Umbra

This surface provides the illusion of natural movement inherent to the awe-inspiring phenomenon of an eclipse and lends an air of tranquility to any space. The sensation of light veiled in shadow is evoked by dark, linear veining, which lends to the visual interest of this surface as it blends with a muted gray background. Light accents punctuate the sprawl of the darkened sky like unexplored stars, wispy bands of clouds and rings of light – much like the eclipse, offering the unique composition of the darkness of night mixed with the colors of day.

Musica Collection

The Musica collection from Viatera® offers you quartz surfaces that reflect the elegant and timeless beauty of the finest classical music while drawing inspiration from the allure of natural stone. Conduct the perfect symphony of light and dark hues with surfaces that reflect the soaring heights and rich, deep complexity of the works of the world's greatest composers.

Etude **NEW** *Extra White*

A fresh take on white marble that is matched only by its versatility. The weightlessness of the finish gives way to the class and casual intention of the design, while the hues and diagonal vein pattern provide the timeless appeal that your bedroom or living room is missing. At first glance, you're sure to fall in love with the creamy texture that will melt your heart and transform your space.

Viatera®

Care & Maintenance

Regular Cleaning

Viatera® is resistant to most stains including wine, lemon juice, tea, coffee, and fruits and vegetables. Normal cleaning requires only a damp cloth and a mild household detergent. For best results, clean spills as soon as possible.

Under ordinary use, dark colors will show dirt, dust, light scuffing, fingerprints and watermarks more readily than lighter-colored surfaces.

Stains & Spills

While Viatera® is stain resistant, some stains are more difficult to remove than others. Mild non-abrasive cleansers (Soft Scrub® and household baking soda) help to restore the original appearance.

For dried spills, a non-abrasive scrub pad can be used.

For substances such as paint, gum, or food, carefully use a razor blade to scrape away the residue prior to cleaning.

The scraping may leave a grey metal mark on the surface which can be easily cleaned using a cleanser and non-abrasive pad.

For stubborn spots or stains, apply a pad of soaked paper towels and approved cleanser to the area and allow it to sit for a few minutes then proceed with necessary cleaning methods and buffing. Rinse thoroughly and dry with a damp cloth to remove all residues.

Viatera® is NOT indestructible

Viatera® is one of the toughest countertop surfaces available, but a few things can damage it. Avoid contact with harsh chemicals or solvents, especially those containing trichlorethane or methylene chloride, (found in furniture strippers and oven cleaners), as well as products containing bleach. These substances can cause permanent discoloration and surface damage. In the event any of these agents come in contact with the surface, wipe immediately, rinse with water, and then clean with vinegar-based cleaner. If stain persists, contact the supplier or installer of your Viatera® surface.

Do not use abrasive and/or alkaline cleaning products or materials (such as Ajax®, Comet® 3M Scotch Brite® pads), as they can permanently dull the surface.

When trying a new cleaning product always try the cleaner first on an inconspicuous area.

Excessive / prolonged heat can damage your Viatera® surface — always use a trivet between the countertop and any hot cookware or heat source (electric frying pans, etc.). While Viatera® is scratch-resistant, materials harder than quartz can scratch it. For example, the bottom of some ceramic dishes may be abrasive enough to inflict minor damage to the surface. Also, be aware that Viatera® can be chipped or cracked if it is heavily impacted.

Generally Acceptable for Routine Care & Maintenance of Viatera®:

Simple Green® (lime-scale remover) Vinegar cleaner (diluted)

Formula 409® Glass and Surface Cleaner Lyso®

Greased Lightning®
