MOVING WINE STORAGE FORWARD

W SERIES

We developed our hallmark W Series line with designers in mind. It started the label-forward wine storage movement in 2001 bringing modern sophistication to the industry.

Our patented wine rack puts the label on display, creating artful collections perfect for any room — residential or commercial — and any sized collection.

W SERIES FRAMES

W Series Frames create floating wine walls in homes and restaurants, allowing designers to create unique, stylish room dividers.

Simply, these Frames are the utility tool that takes the W Series off the wall, allowing for installation even when wall-mounting space is at a premium.
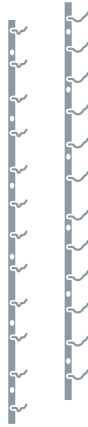

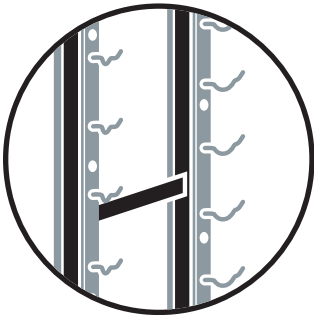

How it works

The frame can be cut on site to fit your ceiling height.

10' includes 2 sections
12' includes 3 sections

Add W Series racking to one or both sides.
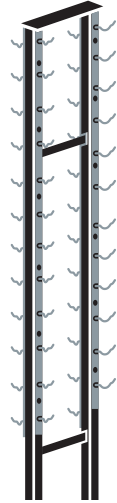

Add a backer bar to one-sided displays.

Available in 15-foot solid sections (lead times apply)

Hardware
Self-drilling metal screws included to mount W Series products (racking sold separately).
Mounting hardware for floor or ceiling not included.

VINO SERIES

The Vino Series peg system brings a new edge to minimalism in the wine cellar. Starting at just one bottle, the label-forward Pins and cork-forward Rails allow designers to break from linear wine racking and create eye-catching focal points in any room.

Plus, this is the only peg system that can mount directly into any surface, including drywall.
